## HARDWOOD FLOORING: INSTALL ONCE — LOVE IT FOR A LIFETIME

---

So you've decided to have new flooring installed. That was a big decision – but now you must decide what type of flooring best suits your needs. There are many choices including *hardwood*, *laminated*, *carpeting*, *ceramic*, and *resilient* flooring. Decisions, decisions! One way to make the decision-making process a bit easier is to ask yourself how many times you want to go through the installation process. If once is enough, your decision is easy – a beautiful new **Mirage** hardwood floor from Alberta Hardwood Flooring.

A Mirage hardwood floor will last a lifetime. Unlike many flooring products that show age rather quickly, a quality hardwood floor that is regularly maintained will retain its beauty and luster for many decades. And '*regular maintenance*' doesn't mean you'll be spending all your time caring for your new floor. Maintenance is simple and straightforward. Alberta Hardwood Flooring has everything you'll need for routine care, from convenient kits to cleaning spray and applicator refills.

There are few things in life that you can count on. One thing that is certain is that you can't go wrong with a Mirage hardwood floor. Not only will you have a floor that you'll be proud to show off, but you'll also have a floor that will stand the test of time, and will fit in with any décor no matter how many times you change it over the years.

Natural, warm, beautiful Mirage wood flooring from Alberta Hardwood Flooring – it may be the last floor you'll ever have installed!
