YOU DON'T HAVE TO BE AN EXPERT — JUST ASK ONE

The average homeowner isn't a flooring expert. Many, and likely most, are extremely confused by the wide array of flooring choices on the market today. Even if you know you want to go with a 'wood' floor, you still have to choose between *unfinished* solid hardwood, *prefinished* solid hardwood, and *engineered* products. What's the difference? And more importantly, what's the best choice for your needs?

Alberta Hardwood Flooring has been in the hardwood flooring industry for over **two decades**. The experts at AHF have made it their business to know everything there is to know about the hardwood flooring products they sell, from the harvesting and milling of the raw materials, right through to '*best practices*' installation techniques. If there's a '*mill tour*', they've been on it – and they're constantly investigating new products at the top flooring shows in North America.

They understand that the discerning hardwood flooring customer isn't just looking for the best price – they're looking for the best price on a quality product. So when you visit Alberta Hardwood Flooring and view their extensive array of choices, rest assured that you're viewing only products that have earned the AHF stamp of approval. Products like *Mirage Classic*, *Mirage Loc*, and *Mirage Engineered* hardwood flooring. Available in a stunning assortment of species and colours, *Mirage Classic*, *Mirage Loc*, and *Mirage Engineered* hardwood flooring are prefinished – which means more efficient installation – and that translates to less upheaval for you and your family!

You know what they say – the '*jack of all trades*' is generally a '*master of none*'. So make sure your hardwood flooring purchase has input from the people who know hardwood flooring best – people like the experts at Alberta Hardwood Flooring.
