## Mirage Quality: Mirage Look

The Mirage Look is all about style, comfort, ambiance, and uncompromising quality.

At Mirage, quality is an obsession that extends right down to the smallest detail. It's our way to ensure that your floor looks its best from the moment it's installed—and for many years to come.

Mirage. A genuine look. A focal point in your home. Guaranteed peace of mind. In short, the world's finest hardwood flooring.

*Natural*  collection

Maple, Natural

## The Mirage Look, an environmental choice

Like you, Mirage cares about the environment and its resources. To protect these riches, we have adopted an environmentally friendly philosophy backed by a multitude of everyday actions.

Respectful handling of nature's materials. Careful selection of responsible, environmentally aware suppliers. Innovative methods for systematic recovery of waste materials. Use of nontoxic components in products. Steadfast support for reforestation.

As we seek a healthy future, Mirage quality stands as a symbol of the search for balance and a better quality of life.

## Discover your own Mirage Look

### Nothing could be simpler!

- 1 Choose the **collection** that suits your tastes.
- 2 Find your preferred **species** of wood.
- 3 Select **width** on the basis of your space requirements.
- 4 Choose the **gloss** you prefer.
- 5 Opt for the **application technology** best suited to your project.

You'll be proud of your Mirage Look.  
It's a reflection of who you are.

**Don't miss it!**

Red Oak, Natural

# Natural collection

Nature's highlights

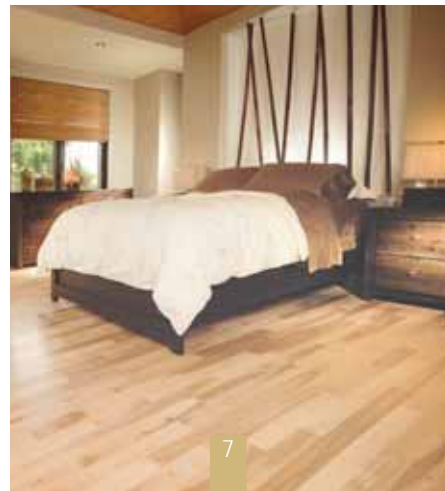

Maple, Natural

Do you like the look of natural wood? Do you appreciate the subtle beauty of the wood grain and the way it can brighten your decor?

The Mirage Natural Collection brings all the classic charm and richness of wood. Authentic and expressive, it lends itself to a host of decorating options.

It's the Mirage Look at its purest—naturally timeless.

Yellow Birch, Natural

American Walnut, Natural

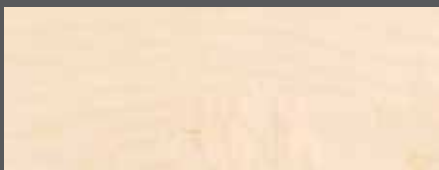

## A sumptuous selection of wood species

Every room has its unique style. And every species, its Mirage Look.

Maple. Yellow Birch. Ash. Beech. Red Oak. The purity and flexibility you need to create and transform any decor.

American Walnut. American Cherry. Stronger colors and a well-pronounced grain to add warmth and richness to your interior.

### Species

Maple

Yellow Birch

White Ash

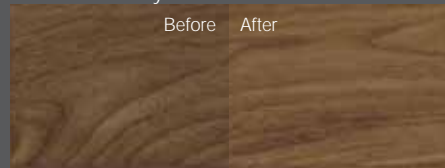

Beech

Red Oak

American Cherry<sup>1</sup>

American Walnut<sup>2</sup>

<sup>1</sup> Wood is a natural product that changes color when exposed to light. All species of wood change color after installation, but some of them—notably the American Cherry—change more than most. Floor surfaces will become much darker and more uniform a few months after their installation.

<sup>2</sup> American Walnut will tend to fade over time.

Actual appearance and colors may vary from those shown here.

American Walnut, Natural

Maple, Natural

Different grades  
for different moods

Choose your width,  
create your space!

Choose from three different grades to create your own unique Mirage Look and atmosphere. Flooring is rigorously classified depending on color variations and appearance.

### Grades

#### Select & Better

Selection of more uniform wood grain with slight variations in natural shading.

#### Exclusive

As found in nature. A complete species color and character range.

#### Traditional

Selection of wood with a strong variation in color and natural character as well as sound knots for a more rustic look.

Actual appearance of grades may vary from those shown here.

To create your own Mirage Look, choose among a selected variety of widths for the desired effect. Thinner strips are perfect for smaller spaces, whereas larger widths add a touch of warmth to a larger room. And not only do they blend in with your decor, the available widths fit right in with your lifestyle, with a selection that opens up a whole new world of possibilities!

# nanolinx™

The 1<sup>st</sup> nanotechnology finish in prefinished wood flooring

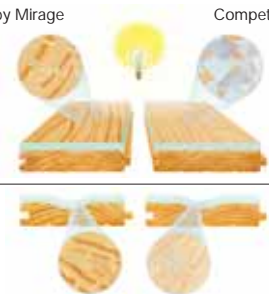

Semi-gloss  
Beech, Natural

## To enhance and protect

Mirage has taken floor protection to the next level with Nanolinx™, the flexible, transparent, and incredibly tough finish based on cutting-edge nanotechnology. Five times more resistant than most other competitive finishes, Nanolinx™ features antimicrobial agents to make your environment more hygienic and your floor easier to clean. And it's crystal clear so that you can enjoy the full natural beauty of wood. Exclusive to the Mirage Look.

Nanolinx™ by Mirage

Competitors' finish

Transparent

Flexible

For even greater quality, some natural light-colored species belonging to the Natural Collection also features additional UV protection that considerably slows and reduces color changes and the yellowing effects of aging, to keep your Mirage floors looking great for generations to come.

Find out more about Nanolinx™ at  
[www.miragenanolinx.com](http://www.miragenanolinx.com)

## Divine reflections

Attractive *Semi-gloss*.

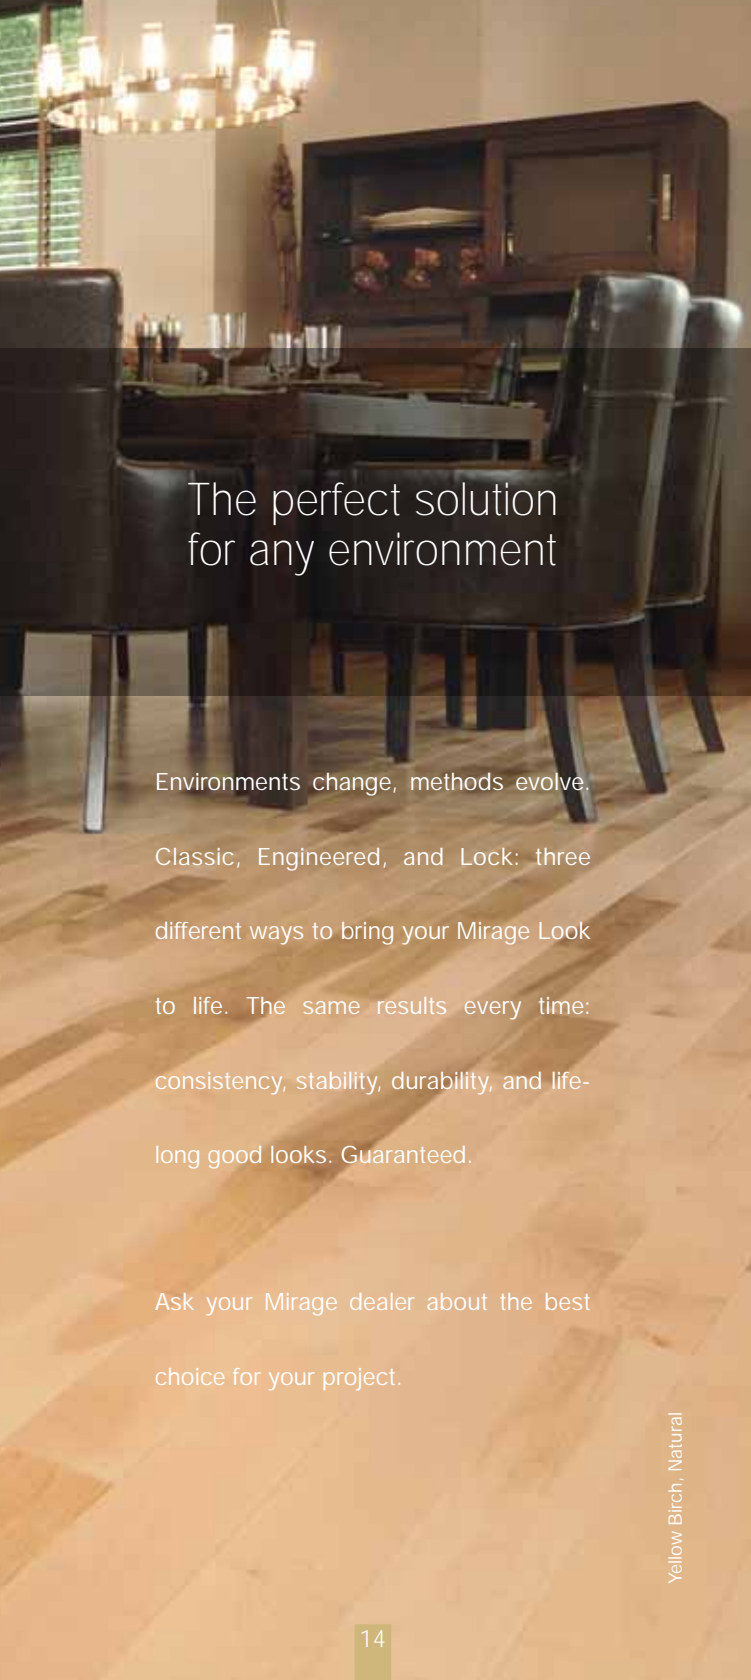

For moderate luster with glistening reflections. Always in fashion. Ever a favorite.

Splendid *Cashmere*.

A velvety, low-sheen, and matte finish for an oiled-floor look without the maintenance. Ideally suited to active daily living. Trendy yet timeless.

Cashmere  
Maple, Natural

The perfect solution for any environment

Environments change, methods evolve. Classic, Engineered, and Lock: three different ways to bring your Mirage Look to life. The same results every time: consistency, stability, durability, and life-long good looks. Guaranteed.

Ask your Mirage dealer about the best choice for your project.

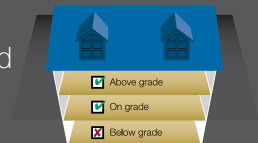

Yellow Birch, Natural

Solid, 100% hardwood product.

Reliable 100% hardwood construction ensures matchless quality and proven, recognized performance for main and upper floors. Micro-V joints on all sides guarantee a look that can't be beat. Boards can be nailed or stapled down to a recommended subfloor and provide outstanding durability.

Recommended installation

**m i r a g e**<sup>®</sup>  
Engineered

**m i r a g e**<sup>®</sup>  
Lock

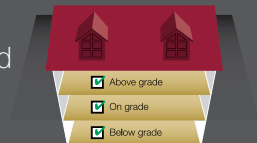

Real wood boards.  
Hardwood plywood base.

It can be nailed down to a wood subfloor or glued down over concrete or over a radiant heat system. Flexible, stable, versatile. A perfect tongue and groove fit and micro-V joints on all sides. An environmentally friendly approach. Sawn hardwood layer 5/32" [4 mm] over a plywood base, comparable to a 3/4" [19 mm] solid product. It can be sanded 3 to 5 times.

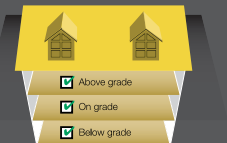

Recommended  
installation

Real wood boards.  
High density fiber core.

Truly brilliant. No glue, nails, or staples required. Real hardwood with a high density fiber [HDF] core ensures improved stability and resistance. Installation is fast and easy above, on or below grade. Micro-V joints on all four sides guarantee a flawless look. The Rightloc™ locking system allows you to move your floor anywhere you wish.

Recommended  
installation
